Explanatory Statement

This Explanatory Statement has been prepared to provide information which the Directors believe to be material to Shareholders in deciding whether or not to pass the Resolutions.

1. Annual Report

Shareholders will be offered the opportunity to discuss the Annual Report at the Meeting. The Company will not provide a hard copy of the Annual Report to Shareholders unless specifically requested to do so. The Annual Report is available on its website at www.finresources.com.au.

There is no requirement for Shareholders to approve the Annual Report. However, the Chair will allow a reasonable opportunity for Shareholders to ask questions or make comments about the Annual Report and the management of the Company. Shareholders will also be given an opportunity to ask the auditor questions as permitted by the Corporations Act.

2. Resolution 1 – Adoption of Remuneration Report

2.1 General

The Corporations Act requires that at a listed company's annual general meeting, a resolution that the remuneration report be adopted must be put to the shareholders. However, such a resolution is advisory only and does not bind the company or the directors of the company.

The remuneration report sets out the company's remuneration arrangements for the directors and senior management of the company. The remuneration report is part of the directors' report contained in the annual financial report of the company for a financial year.

The chair of the meeting must allow a reasonable opportunity for its shareholders to ask questions about or make comments on the remuneration report at the annual general meeting.

2.2 Voting consequences

The vote on Resolution 1 is advisory only and does not bind the Company or its directors. However, the Board will actively consider the outcome of the vote and comments made by Shareholders on the Remuneration Report when reviewing the Company's future remuneration policies and practices.

A company is required to put to its shareholders a resolution proposing the calling of another meeting of shareholders to consider the appointment of directors of the company (**Spill Resolution**) if, at consecutive annual general meetings, at least 25% of the votes cast on a remuneration report resolution are voted against adoption of the remuneration report and at the first of those annual general meetings a Spill Resolution was not put to vote. If required, the Spill Resolution must be put to vote at the second of those annual general meetings.

If more than 50% of votes cast are in favour of the Spill Resolution, the company must convene a shareholder meeting (**Spill Meeting**) within 90 days of the second annual general meeting.

All of the directors of the company who were in office when the directors' report (as included in the company's annual financial report for the most recent financial year) was approved, other than the managing director of the company, will cease to hold office immediately before the end of the Spill Meeting but may stand for re-election at the Spill Meeting.

Following the Spill Meeting those persons whose election or re-election as directors of the company is approved will be the directors of the company.

2.3 Previous voting results

At the Company's previous annual general meeting the votes cast against the remuneration report considered at that annual general meeting were less than 25%. Accordingly, the Spill Resolution is not relevant for this Annual General Meeting.

3. Resolution 2 – Re-election of Director – Jason Bontempo

3.1 General

The Constitution sets out the requirements for determining which Directors are to retire by rotation at an annual general meeting.

Jason Bontempo, who has served as a director since 7 July 2011 and was last re-elected on 28 November 2017, retires by rotation and seeks re-election.

3.2 Qualifications and other material directorships

Mr Bontempo has worked in investment banking and corporate advisory since qualifying as a Chartered Accountant with Ernst & Young in 1997. Mr Bontempo has worked for investment banks in Australia and the UK and has been closely involved with the advising and financing of companies in the resources industry specialising in asset sales and AIM | ASX listings. Mr Bontempo is also currently a director of Red Emperor Resources NL (ASX: RMP) and Cobalt One Limited (ASX:CO1).

3.3 Independence

If elected the board considers Mr Bontempo will be an independent director.

3.4 Board recommendation

The Board supports the re-election of Mr Bontempo and recommends that Shareholders vote in favour of Resolution 2.

4. Resolution 3 – Approval of 10% Placement Capacity

4.1 General

ASX Listing Rule 7.1A provides that an "eligible entity" may seek shareholder approval by special resolution passed at an annual general meeting to have the capacity to issue up to that number of Equity Securities equal to 10% of its issued capital at the time of issue calculated in accordance with the formula prescribed in ASX Listing Rule 7.1A.2 (**Additional Placement Capacity**) without using that company's existing 15% annual placement capacity granted under ASX Listing Rule 7.1 and without requiring further shareholder approval prior to the issue.

The Board considers it is in the Company's best interests to have the opportunity to take advantage of the flexibility to issue additional securities provided under ASX Listing Rule 7.1A. As at the date of this Notice, no decision has been made by the Board to undertake any issue of securities under the Additional Placement Capacity if Shareholders approve Resolution 3. The Board unanimously recommend that Shareholders vote in favour of Resolution 3.

The information below provides more background on ASX Listing Rule 7.1A and the disclosure required by ASX Listing Rule 7.3A.

4.2 Description of ASX Listing Rule 7.1A

(a) Eligible entity

Under the ASX Listing Rules, an "eligible entity" is an entity which, as at the date of the relevant resolution, is not included in the S&P/ASX300 Index and has a market capitalisation

(excluding restricted securities and securities quoted on a deferred settlement basis) equal to or less than \$300 million. As at 28 September 2018, the Company is an “eligibly entity” as it is not included in the S&P 300 Index and has a current market capitalization of approximately \$5,633,829 (based on the number of Shares on issue and the closing price of Shares on ASX on 28 September 2018).

(b) **Special resolution**

The Additional Placement Capacity requires shareholder approval by way of a special resolution at an annual general meeting. This requires at least 75% of the votes to be cast in favour of the resolution by members entitled to vote on the resolution.

(c) **Securities which may be issued under the Additional Placement Capacity**

Under the Additional Placement Capacity, the Company must issue Equity Securities belonging to an existing quoted class of the Company’s Equity Securities. As at the date of this Notice, the Company has on issue one class of quoted Equity Securities, being fully paid ordinary shares (ASX Code: FIN).

(d) **Minimum issue price**

The issue price of each Equity Security issued under the Additional Placement Capacity must be no less than 75% of the volume weighted average price for the securities in that class, calculated over the 15 ASX trading days on which trades of securities in that class were recorded immediately before:

- (i) the date on which the issue price is agreed for the securities under the Additional Placement Capacity; or
- (ii) if the securities are not issued under the Additional Placement Capacity within 5 ASX trading days of the date in paragraph (i) above, the date on which the securities are issued.
- (iii) The Company will disclose this information when Equity Securities are issued under the Additional Placement Capacity.

(e) **Time period for issue**

The Equity Securities may be issued under the Additional Placement Capacity during the period commencing on the date of the Meeting and expiring on the first to occur of the following:

- (i) the date that is 12 months after the date of the Annual General Meeting; or
- (ii) if the Company receives Shareholder approval for a proposed transaction under ASX Listing Rule 11.1.2 (significant change to the nature or scale of activities) or ASX Listing Rule 11.2 (disposal of main undertaking), the date of that approval, after which date, an approval under ASX Listing Rule 7.1A will cease to be valid,

(Additional Placement Period).

(f) **Dilution risks**

If Equity Securities are issued under the Additional Placement Capacity, there is a risk of economic and voting dilution of existing Shareholders, including the following risks:

- (i) the market price for Equity Securities in the class of securities issued under the Additional Placement Capacity may be significantly lower on the issue date than on the date of the approval under ASX Listing Rule 7.1A (that is, the date of the

Meeting, if Resolution 3 is approved); and

- (ii) the Equity Securities may be issued under the Additional Placement Capacity at a discount to the market price for those Equity Securities on the issue date,

which may have an effect on the amount of funds raised by the issue of the Equity Securities.

The below table shows the dilution of existing Shareholders on the basis of the market price of Shares and the number of ordinary securities for variable "A" calculated in accordance with the formula in ASX Listing Rule 7.1A.2, both as at 28 September 2018.

The table also shows:

- (i) two examples where variable "A" has increased, by 50% and 100%. Variable "A" is based on the number of ordinary securities the Company has on issue as at 28 September 2018. The number of ordinary securities on issue may increase as a result of issues of ordinary securities that do not require Shareholder approval (for example, a pro rata entitlement offer or securities issued under a takeover offer) or future specific placements under Listing Rule 7.1 that are approved at a future general meeting; and
- (ii) two examples of where the issue price of ordinary securities has decreased by 50% and increased by 50% as against the market price as at 28 September 2018.

Number of Shares on Issue (Variable 'A' in ASX Listing Rule 7.1A2)	Dilution			
	Issue Price (per Share)	\$0.01 50% decrease in Issue Price	\$0.02 Issue Price	\$0.04 50% increase in Issue Price
291,691,438 (Current Variable A)	Shares issued - 10% voting dilution	29,169,144 Shares	29,169,144 Shares	29,169,144 Shares
	Funds Raised	\$291,691	\$583,383	\$1,166,766
437,537,157 (50% increase in Variable A)	Shares issued - 10% voting dilution	43,753,716 Shares	43,753,716 Shares	43,753,716 Shares
	Funds Raised	\$437,537	\$875,074	\$1,750,149
583,382,876 (100% increase in Variable A)	Shares issued - 10% voting dilution	58,338,288 Shares	58,338,288 Shares	58,338,288 Shares
	Funds Raised	\$583,383	\$1,166,766	\$2,333,532

*The number of Shares on issue (Variable A in the formula) could increase as a result of the issue of Shares that do not require Shareholder approval (such as under a pro-rata rights issue or scrip issued under a takeover offer) or that are issued with Shareholder approval under Listing Rule 7.1.

The table above uses the following assumptions:

1. There are currently 291,691,438 Shares on issue;
2. The issue price set out above is the closing price of the Shares on the ASX on 28 September 2018.
3. The Company issues the maximum possible number of Equity Securities under the Additional Placement Capacity.
4. The Company has not issued any Equity Securities in the 12 months prior to the Meeting that were not issued under an exception in ASX Listing Rule 7.2 or with approval under ASX Listing Rule 7.1.
5. The issue of Equity Securities under the Additional Placement Capacity consists only of Shares and the consideration provided for those Shares is cash. It is assumed that no Options are exercised into Shares before the date of issue of the Equity Securities.

6. The calculations above do not show the dilution that any one particular Shareholder will be subject to. All Shareholders should consider the dilution caused to their own shareholding depending on their specific circumstances.
7. This table does not set out any dilution pursuant to approvals under ASX Listing Rule 7.1.
8. The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.

(g) **Purpose of issue under Additional Placement Capacity**

The Company may issue Equity Securities under the Additional Placement Capacity for the following purposes:

- (i) to provide non-cash consideration for new asset purchases or investments; or
- (ii) to raise cash to fund:
 - (A) general working capital expenses;
 - (B) activities associated with its current assets;
 - (C) repayment of debt; or
 - (D) the acquisition of new assets and investments (including any expenses associated with such an acquisition).

The Company will comply with the disclosure ASX Listing Rules 7.1A.4 and 3.10.5A on issue of any Equity Securities issued pursuant to the approval sought by Resolution 3. If Equity Securities are issued for non-cash consideration, the Company will at the time of issue of the Equity Securities provide a valuation of the non-cash consideration that demonstrates that the issue price of the securities is at or above the minimum issue price, in accordance with the Note to ASX Listing Rule 7.1A.3. The Company intends to maintain the ability to issue securities under ASX Listing Rule 7.1A for non-cash consideration.

(h) **Allocation policy under the Additional Placement Capacity**

The Company's allocation policy and the identity of the recipients of Equity Securities issued under the Additional Placement Capacity will be determined on a case-by-case basis at the time of issue and in the Company's discretion.

No decision has been made in relation to an issue of Equity Securities under the Additional Placement Capacity, including whether the Company will engage with new investors or existing Shareholders, and if so the identities of any such persons.

However, when determining of the allocation policy and the identity of the recipients, the Company will have regard to the following considerations:

- (i) prevailing market conditions;
- (ii) the purpose for the issue of the Equity Securities;
- (iii) the financial situation and solvency of the Company;
- (iv) impacts of the placement on control;
- (v) other methods of raising capital; and
- (vi) advice from corporate, financial and broking advisers (if applicable).

Recipients may include existing Shareholders or new investors, but not persons who are related parties or associates of related parties of the Company. If the issue is made in connection with the acquisition of assets, the recipients may be the sellers of those assets

(i) **Previous approval under ASX Listing Rule 7.1A**

The Company did not obtain approval from its Shareholders pursuant to ASX Listing Rule 7.1A at its annual general meeting held on 28 November 2017, however it did on 31 October 2016.

4.3 Voting exclusion

A voting exclusion statement is included in this Notice. As at the date of this Notice, the Company has not invited any existing Shareholder to participate in an issue of Equity Securities under ASX Listing Rule 7.1A. Therefore, no existing Shareholders will be excluded from voting on Resolution 3.
